September 24, 1968

Federal Bureau of Investigation  
Washington,  
District of Columbia

Gentlemen:

On Wednesday, September 18, 1968, our parish priest played a tape at a meeting held for all interested parishioners and townspeople. He obtained this tape through The Wanderer, a Catholic newspaper printed in St. Paul, Minnesota. This was a tape of a speech made by a Mrs. Lolabelle Holmes to a Catholic group in St. Paul. Mrs. Lolabelle Holmes states that in 1957 she was hired by the F.B.I. to join the communist Party and work underground. She claims that the following were her findings.

1. The communist Party planned, as far back as 1956, to cause disturbances in the United States centered around civil rights.
2. The 1965 civil rights act was written in Moscow in the late 1950's.
3. Martin Luther King, Jr. was killed because he outlived his usefulness for the Communist Party.
4. The Communist Party plans to use the "war on poverty" to create a depression in the United States.
5. The Communist Party, hoping to demoralize our young people, is behind the idea of sex education being taught in our school system.
6. The attitude of the present administration is pro-communist. 1968

Mrs. Holmes also states that the Communist Party has infiltrated the following organizations:

17C/PLW 9/30/68  
ACK 10/1/68  
DCI/PLW  
RML

gael

1. National Farmers Organization
2. Catholic Church
3. "Head Start" and other "war on poverty" programs.
4. Young Americans for Freedom
5. All our trade unions
6. Almost every major college and university in the United States.

Mrs. Holmes, although not stating so directly, made the following inferences:

1. Martin Luther King, Jr. was a Communist or had direct dealings with members of the Communist Party.

2. The <sup>KEENER</sup> ~~Reiner~~ Report on violence in the cities was influenced by and is playing into the hands of the Communist Party.

My suspicions about Mrs. Holmes were raised at the end of the tape when she stated that if we wanted to save our country we should pray to God and vote for ex-Governor George Wallace. I realize that your organization must work in secrecy, and that most of your findings cannot be released to the public. Therefore, I will not ask you to confirm the statements she made. I would like for you to confirm whether or not it is true that Mrs. Holmes was hired by the F.B.I. to join the Communist Party in 1957 when she was in Chicago. I would appreciate receiving an answer to my inquiry at your earliest convenience. Thank you.

Sincerely,

This is to recommend that attached letter to Senator Hansen be delivered by Liaison and that he be confidentially furnished information regarding organization Truth About Civil Turmoil (TACT).

By letter dated 2-24-69 Senator Hansen (R-Wyoming) furnished copy of a flier concerning a speech by Lola Belle Holmes in Cody, Wyoming. Senator Hansen desired any information we can provide regarding TACT, Miss Holmes and what is meant by "O. E. S."

We have enjoyed limited but cordial relations with Senator Hansen. The attached letter sets forth information regarding Miss Holmes. TACT is a group founded by the John Birch Society and we do not comment on TACT in the absence of a specific inquiry regarding John Birch Society. The significance of O. E. S. is not known and it is felt that the initials are confused with O. E. O. (Office of Economic Opportunity) which has been a target of Miss Holmes in past.

## RECOMMENDATIONS:

(1) That attached letter advising Senator Hansen for record purposes of data concerning Lola Belle Holmes be approved and thereafter delivered by someone in your (Mr. Bishop's) office.

(2) That at time of delivery, Senator Hansen or his Administrative Assistant should be confidentially advised of data concerning TACT and fact we have not investigated John Birch Society. It should also be furnished that initials O. E. S. are possibly confused with O. E. O. which has been a target of Miss Holmes in past.

Dear Mr. Hoover;

Recently a Negro lady, Miss Lola Belle Holmes, spoke in our community. Her billing advertised her as being an FBI agent for 6½ years working undercover inside the Communist party.

Her speech was entirely anti-communist. She spoke very highly of you, the Bureau, and the HUAC. She said "They are the best friends we have in the Federal government." I'd like to add that I feel the same way.

Now a local lady who is an O.E.O. employee has said that she contacted the F.B.I. and learned that Miss Holmes was never an agent for the Bureau at all, and that she only gave the Bureau some information. According to the local O.E.O. director, she never served 6½ years inside the party as an undercover agent.

I would like to have an explanation, signed by J. Edgar Hoover. I want to have the truth about this lady from the top. It is going to mean whether or not anti-communist speakers will be welcome in this community in the future. If I don't have the proof in writing, from

J. Edgar Hoover, all efforts of the local anti-communists to bring knowledgeable anti-communist speakers into the community, will have failed.

We enclose here an article that we received through the mail, and apparently this little paper has been addressed to many local people.

We have wondered if the representations made by this Lola Belle Holmes are factual or just what the situation is. If what she says is supported by facts, or is true, it seems to me that this should be something that our United States Senators would be interested in.

In any event, we would like to have your comment about the matter if you can throw any light on it.

My dear Congressman:

Your communication of March 10th, with en-

In reply to your inquiry, Miss Lola Belle Holmes

DATE: April 29, 1969

Lubbock, Texas, is in the Chairman's district and a copy of the floater referred to is attached.

Howe stated that the Chairman was curious of the statement in the second paragraph that Lola Belle Holmes has been in the front lines of this war (against communism) since 1956 when she infiltrated the communist apparatus of the FBI and further indicates that in 1963 she surfaced to give testimony before various Government Bureaus.

The Domestic Intelligence Division advised that Lola Belle Holmes furnished information to the FBI regarding subversive activities on a confidential basis from 1956 to 1963. Although she was not an employee of the FBI she was compensated for her services. In keeping with a long standing policy a further comment concerning Miss Lola Belle Holmes cannot be made. She also testified before the Subversive Activities Control Board in the case involving Claude Lightfoot, a communist party functionary in the Illinois area. She has been exposed as an informant since that date.

For every war there are heroes. When a need arises, unlikely people step to the fore to demonstrate unlikely courage, bravery and ability. Such a person is Lola Belle Holmes. She has known for a good while that there is a war in progress, one where a sinister conspiracy makes war against free people everywhere.

Lola Belle Holmes has been in the front lines of this war since 1956 when she infiltrated the Communist apparatus for the F. B. I. For seven long years she took orders from Moscow and reported all to the authorities. She rose to positions of prominence in the Communist created Negro organizations and in the Communist Party itself. In 1963, she surfaced to give testimony before various government bureaus.

She continues in the front lines of this war, though in a markedly different way. For now Lola Belle Holmes is trying to reach fellow Americans whom she maintains "are in the midst of a revolution of such magnitude that it is like a giant octopus with its tentacles spreading into every walk of life." From her past associations, from continuous knowledge of the strategy of subversion and from an awareness that comes from front line duty, she has pinpointed the source of the revolution -- "The United States Government through its Office of Economic Opportunity is supplying our enemies with the means to destroy our country."

Every one of us has a stake in this war. If you care at all about the future and want to know how to protect it, then don't miss Lola Belle Holmes at

Gentlemen:

First, I must say how grateful we are for our Federal Bureau of Investigation. It is so gratifying to know we have such dedicated, capable people watching over us and our beloved country.

Last evening my husband and I heard Lola Belle Holmes speak on the subject "The Revolution is Planned". Needless to say, we were shocked at what we heard.

Our question is this; was she an Undercover Agent for the F.B.I. as she claims, or is she a fraud, there are so many today. Can we believe what she told us?

We would appreciate an answer, we are very concerned citizens who love this great country of ours.

## WINS STANDING OVATIONS

# Ex-Red For FBI Tells Story

By FREDDA GAGE

Avalanche-Journal Staff

Miss Lola Belle Holmes told it "like it was"—as she saw it—to a capacity crowd at Lubbock Christian College Friday night.

An anticipated crowd of 180 persons who had bought advance tickets, turned into 488 and had to be moved from the smaller Mabes Auditorium to the college cafeteria to hear the former FBI agent.

"In America," the speaker told a rapt audience, "our first job is to stop and route the Communists."

She then outlined Communist activities which occurred and of which she had been a part in her six and a half years as a Communist for the FBI including plans for the march on Washington.

"I love America and its people. My people, the Negroes," said the woman who grew up doing chores on her father's Louisiana farm and attending a segregated grade and high school and "loving it." Her

father told her that you "only get out of this world what you put into it. So hold your head high and walk with dignity."

This, she says is what the Negro race must do—"move away from the Aunt Jemimaism and Uncle Tomism with dignity."

In naming key Communist infiltrated and concentrated organizations in the U.S., Miss Holmes cited United Auto Workers, the National Council of Churches, Students for a Democratic Society and the War on Poverty program. In a question-answer period, she said that the "Communists had only infiltrated the Department of Health, Education and Welfare to the point of controlling the money."

In Vietnam, she said, "we are just killing off the cream of the crop in young Americans. I want it (the war) won and bring our boys home."

In speaking of her visit at Dunbar High School Friday, Miss Holmes revealed that this

was only the second time she had been allowed to speak to a group of Negroes since her expulsion from the Communist party in 1962. She criticized her reception and then said: "They think I don't know what happened in the Communist party," and here her voice rose then broke in emotion, "I know what happened."

"We must stop Communism, so that this country, this wonderful country will never perish from the earth." With that, Miss Holmes received her second standing ovation of the night.

Preceding her honorary citizen award, the pert, vivacious speaker smiled as Mayor W. D. Rogers Jr. commented hers was "one of the truly great speeches I have heard."

Miss Holmes was in the Hub City under the auspices of the Lubbock County Support Your Local Police Committee headed by Charles Guthrie.

Mr. Hoover:

Miss Lola Belle Holmes gave a speech recently in Lubbock, titled "The Revolution is Planned." In her speech she made some very strong statements about the influence Communism is having on American people. I am very concerned in helping to maintain freedom in America. Before accepting everything she said, I would like more authoritative answers to some questions. Would you answer the following questions, or send me some literature that could clear up my questions.

- (1) Was Miss Holmes a communist for the FBI from 1956 to 1963 as she said, and by what authority does she speak about communism in our government?
- (2) Was Martin Luther King a communist and is there any evidence the communists had him killed?
- (3) Is the "War on Poverty" program infiltrated by the Communist Party and has money from this program gone to aid communistic programs?
- (4) What effect has the "War on Poverty" program had on causing or promoting the riots in our cities?
- (5) Was the National Council of Churches started by the Communist party and is it communist run at the present time?
- (6) What evidence do we have that the Students for a Democratic Society "SDS" is communist backed or infiltrated?
- (7) Would you look over the enclosed literature and indicate if this is true information.
- (8) Do you have any literature on the John Birch Society that tells what they are trying to accomplish and how our government looks upon them? I have heard various opinions, but am not familiar with their organization.

Boston should discreetly locate and interview Holmes. Determine the basis for reported allegations she has made regarding HEW and submit your reply in form suitable for dissemination. In the event she is not in your territory, set out appropriate leads by airtel to have this matter covered. Furnish Bureau results of your inquiry as soon as possible.

For your information, Holmes was a Chicago security informant from 1956 to January, 1963. She is 46 years old and as an informant, became a member of the Communist Party of Illinois in which she held leadership positions. She became Vice President of the Negro American Labor Council. In January, 1963, she testified on behalf of the Government at hearings before the Subversive Activities Control Board in the membership case of Claude Lightfoot, an Illinois District leader

of the Communist Party (CP). It has on previous occasions been necessary to admonish Holmes not to make untruthful statements in which she involved her association with the FBI. On one occasion she alleged that the FBI wanted her to enter into an affair with a CP functionary and to delete references from her reports as to Fidel Castro being a communist. She denied making these statements and claimed they arose from a misunderstanding.

NOTE:

Although Holmes has made allegations which have been proven inaccurate and for which she has been admonished, in view of the request by HEW, we should contact her to clarify this matter.

Mr. J. Edgar Hoover  
Director  
Federal Bureau of Investigation  
Washington, D.C. 20535

Dear Mr. Hoover:

The attention of the Department has recently been called to an article that appeared in a Texas newspaper concerning a talk by Miss Lola Belle Holmes at Lubbock Christian College.

The article states that in a question and answer period Miss Holmes said that "Communists had only infiltrated the Department of Health, Education, and Welfare to the point of controlling the money."

The article indicates that for six and one-half years Miss Holmes had been a member of the Communist Party furnishing information to the FBI. This office is unable to identify any data received from the FBI which would substantiate the statements now attributed to Miss Holmes.

It would be appreciated if the FBI would arrange to interview Miss Holmes to determine the basis for her reported statements and specific facts related thereto.

Your cooperation is sincerely appreciated.

Sincerely yours,

*Frederick H. Schmidt*

Dear Mr. Hoover,

I am serving on a local committee, that has scheduled Lola Belle Holmes, a former under cover agent, that was successful in getting valuable information for the Federal Bureau of Investigation, relative to how the Communists have used American Negro's, to create civil turmoil.

My hope is that many of our local Negro professionals; and populace, of both Blacks and whites will be more informed about the "Communist threat to America."

Any indorsment, or suggestions would be greatly appreciated at this time.

For every war there are heroes. When a need arises, unlikely people step to the fore to demonstrate unlikely courage, bravery and ability. Such a person is Lola Belle Holmes. She has known for a good while that there is a war in progress, one where a sinister conspiracy makes war against free people everywhere.

Lola Belle Holmes has been in the front lines of this war since 1956 when she infiltrated the Communist apparatus for the F. B. I. For seven long years she took orders from Moscow and reported all to the authorities. She rose to positions of prominence in the Communist-created Negro organizations and in the Communist Party itself. In 1963, she surfaced to give testimony before various government bureaus.

She continues in the front lines of this war, though in a markedly different way. For now Lola Belle Holmes is trying to reach fellow Americans whom she maintains "are in the midst of a revolution of such magnitude that it is like a giant octopus with its tentacles spreading into every walk of life." From her past associations, from continuous knowledge of the strategy of subversion and from an awareness that comes from front-line duty, she has pinpointed the source of the revolution — "The United States Government through its Office of Economic Opportunity is supplying our enemies with the means to destroy our country."

Every one of us has a stake in this war. If you care at all about the future and want to know how to protect it, then don't miss Lola Belle Holmes at

Mr. Clyde B. Tolson  
Dear Sir,

[Redacted] b6 b7C

This came in my yesterday's mail. There is something about it I do not like. I have never heard of this person before. I don't like her looks, or anything about her and that which she says in this paper.

I am sure you would know if there is, as I have under lined, such a group of people, in Washington, who is trying to destroy our Government.

As I watch and listen to the news every day, it seems to me there are far-too many undesirables let into this country--far--too many of the awful Orientals-Cubans, Pureta Ricans and many others.

I'm 77 years old, my people have fought for our way of living since The American Revolution and all the wars since.

I think we should guard the leyal Americans, and our way of life.

If this woman is ok, and if all is well about her, but looking at this picture I can't believe it is, why I would gladly contribute to our poliece department any time.

Another thing--too much considematation is given to the law breakers and net enough to our law officers.

Yours very truly,

## Labor Day Event

### 40,000 Jam Recreation Center In Detroit Local 299 Outing

Teamster Local 299's fledgling recreation center, still in the development stage, got its first real workout last Labor Day when 40,000 members and their dependents jammed the center located at Saline Valley Farms 40 miles north of Detroit, Mich.

Officially called a Labor Day "Mardi Gras," the 3-day event offered fun and festivities for all and netted nearly \$15,000 to help in purchasing recreation equipment for the facility.

Teamsters' Union General Vice President Frank E. Fitzsimmons donned his hat as vice president of Local 299 and delivered a brief Labor Day message on the theme that while it was good to remember labor's struggles, "we do not glory in the past, but make our plans for today and for tomorrow."

Fitzsimmons expressed regret that General President James R. Hoffa, president of Local 299, could not be present for the occasion. He said:

"Jimmy Hoffa could have given in to the corporate structure. He could have given a little here and there, and he would be a free man today. But he stood up for the working men and women, and fought back against those who would return us to the in-

dustrial slavery which existed in this country before the Teamsters and the rest of organized labor became strong . . . We all look forward to the day when Hoffa is back in the front lines leading organized labor down the road to justice and equality for all."

Rolland McMaster, administrative assistant to Fitzsimmons at the Detroit local union, mapped out a program that fitatively ran the gamut of the 637-acre farm tract purchased by the 19,000-member union.

For one thing, some 25,000 hot dogs, 10,000 hamburgers and several loads of beer and soda pop were consumed by the Teamster families during the course of the festivities.

Two of the greatest attention getters were the beauty pageant and the pie-eating contest. There were motorcycle races, sky divers, a "parachute jump" for the kiddies, a merry-go-round, a circus wagon, an amphibious tank, a dance contest, a baseball game, and a drawing in which a passenger car was given to a lucky member, kept the action moving.

Finally, special prizes were presented to Local 299 stewards who worked so hard to make the Mardi Gras a success.

## Officer Honored

Arthur D. Malone retired recently as secretary-treasurer of Teamster Local 58 in Longview, Wash., to end a career of close to 30 years' service in the local union. His long-time friends and union brothers treated him to a retirement dinner and a gift. Shown at the affair (left to right clockwise) are: Eugene Ehrmantraut, recording secretary; George Pidgeon, trustee; Wyman Middaugh, trustee; Laythell J. Baines, new secretary-treasurer; Virginia Pedersen, office secretary; Malone; Floyd McCullough, trustee, and Francis J. H. O'Connor, president, all of Local 58. Malone also was presented with a plaque.

## Scholarship Applications Due Nov. 30th

The James R. Hoffa Scholarship Fund provides eight scholarships, two per Area Conference, to the sons and daughters of Teamster members, for use in pursuing an undergraduate degree at an accredited college or university of the recipient's choice. Each scholarship is for a period of four years at the rate of \$1,500 per year, totaling \$6,000 per student. Recipients are selected on the basis of scholastic achievement, personal qualifications and financial need, by a committee of people experienced in the field of higher education.

Applicants to the current program must be graduating from high school during the 1969-1970 academic year. They must also be the son or daughter of a Teamster member who has not been suspended from membership in his Local Union for at least 12 consecutive months prior to November 30, 1969. Sons and daughters of retired and deceased members are also eligible to apply provided that the surviving spouse has not remarried.

Individuals who have a Teamster member as a legal guardian may apply; however, legal proof of financial dependency must be sworn to on the application. Sons and daughters of members who have deposited withdrawal cards within the 12 months preceding November 30, 1969 are eligible if the member was not suspended from membership for the twelve months prior to his withdrawal as well as during the period since his return.

High school students who are affiliated with the Union, but whose parents are not, are ineligible to apply. Dependents of International and subordinate organization officers and employees are not eligible to apply. Also, the sons and daughters of members who are on withdrawal but who have not retired, are ineligible.

## A Threat to Our Nation

(Editor's Note: The following is a reprint from the pages of the Detroit Free Press.)

Citizens of the United States have been aware for years that Big Brother was snooping, in most cases illegally. But we naively thought the bugging done by the FBI at least had the purpose of trying to catch a crook.

Now it turns out that the FBI has been eavesdropping on practically the whole nation. Your name, no matter in what connection it came up, might well be on an index card in the FBI's June File.

How the June File got its name no one seems to know, and its existence was not even known until an official reluctantly admitted it under oath in Chattanooga. Charles Bolz, FBI chief of records and accounting, testified in federal court that the agency makes and keeps a file on anyone whose voice is overheard while the FBI is illegally bugging a conversation.

### June File

No matter how innocent the connection or even if it happens in what the FBI seems to consider one of its more routine bugging efforts, the name goes in the June File. Only if the bugging is legal, which means that one party has permitted it or it involves the highest degree of national security with proper safeguards, is the name not recorded.

On the Teamsters alone, Bolz said, the FBI has transcripts of tapes of 1,317 conversations, every one of them obtained illegally. Some were not made by tapping telephones, either, but by wiring rooms and automobiles.

For all those of us outside the illegal conspiracy know, this may only be the tip of the iceberg. Not until Tuesday did the nation know there was a June File in existence.

Now think hard: Have you ever said anything over lunch that you'd rather the FBI didn't know?

The impact of all this is enormous, aside from the information the agency gets.

### 4th Amendment

Most important, it shows that J. Edgar Hoover runs his own government, ignoring with fine impartiality the restrictions put on him by the Constitution and by Congress. It shows that the FBI has little or no regard for the Fourth Amendment, though the agency is among those charged with enforcing the law.

And it shows the impossibility of writing an enforceable wiretapping law, which Congress tried two years ago. If the FBI won't obey the dictates of the Omnibus Crime Act, can anyone be expected to?

The only cure, it seems to us is a thorough shakeup of the FBI, which is long overdue anyway. As a first step President Nixon might get on his possibly tapped telephone and tell Mr. Hoover to pick up his severance pay on the way out.

What else does the FBI do? We know, for example, its bad habit of casually smearing people as communists or sexual deviates by releasing "unevaluated" reports to congressional committees.

Does it also have a record of anyone who drinks two martinis before lunch? How do you or anyone else know, for that matter, that it isn't bugging all the olives in your favorite eatery, just because some suspected bad guy also lunches at the same place occasionally?

## Taking It Easy

This retired Teamster is taking it easy and enjoying it. He is Walter Horton who retired after 20 years work as a member of Teamster Local 215 in Evansville, Ind. In a letter to President Hoffa and GVP Fitzsimmons, Horton said he and his wife appreciated the pension which gives them feelings of "pride and security." He added his appreciation to all who made the benefits possible.

## Local 390 Still Pursues Alterman

Alterman Transport Lines, Inc., has filed an election complaint with the National Labor Relations Board following a September representation ballot won by Teamster Local 390 of Miami, Fla.

Howard Lasater, president of Local 390, said 145 drivers, dockmen, checkers, clerks and regular part-time workers were eligible to vote.

Local 390 received 61 votes and the company got 23. The union challenged 17 ballots; Alterman and the NLRB challenged 13 votes.

### A Maneuver

Alterman's complaint about the conduct of the election was considered typical of the maneuvers exercised by the majority of companies in the Southland when they are organized.

Drivers and dockmen went on strike at the Alterman barn a year ago after Local 390 had petitioned for an election. Teamster Locals 79 of Tampa and 385 of Orlando joined in the petition. The ballot was ordered after lengthy hearings conducted by the regional NLRB office.

Lasater said Local 390, in response to the company's election complaint, would continue the fight to seek to represent Alterman's employees.

Dear Mr. Hoover:-

Being the Law abiding citizen that I am; and being a Dedicated American, and also being that I still hold you in the highest esteem: I feel compelled to write you and information, as well as ask some questions.

First of all; I attended a speech last night in Flint, Michigan given by a Lola Belle Holmes, whose flyer I am sending you. Is she, and the things she said for real?? I know this country of ours (God Bless America) is in a mess; but the blood curdling things that were revealed by Lola Belle, were shocking, sickening, and disgusting. Could you give me anymore information on her?? She was great, just spine tingling.

Second on my mind; there is a family here in Morrice, who came from Berkley, California about a year ago. The Father was a Social Worker for the State of California, and the Mother was a School Teacher. The Mother is now a Substitute Teacher here in our school, and the Father works at a small factory in Owosso, Michigan; which is about 12 miles north of here. Well, to make a story short; their children are telling other children here in town, that they smoke marjuana; my two daughters came home and told us. Now;- whom do I relay this information on to?? Should I call the F.B.I. Office in Detroit; or should I get in touch with the Michigan State Police in East Lansing?? You tell me, and I'll surely act on it.

Last but by no means least; there was a man at the above mentioned meeting I attended last night. He raised a wonderful question, that has been in the back of my mind for some time now. The question was; Why was Mr. Robert Williams allowed to come to Detroit, Michigan; when he was wanted in North Carolina on a Federal fugitive warrant for unlawful flight to avoid prosecution for Kidnapping?? Why was'nt his plane sent to North Carolina instead of Detroit?? Why was he allowed to come back here in the first place, when it was a known fact that he is training Black Revolutionaries for the coming Revolt?? Why was he released on such a small Bond?? Mr. Hoover; I realize fully that you may not be able to answer these questions. But; someone should certainly answer them. and we should have truthful, satisfactory answers.

In closing; I would like to take this opportunity to send you this page out of a Teamsters Magazine which comes to my Barber Shop each month. I don't know who sends it to me; because I am not a member of any Union; let alone the Teamsters. This Magazine and the Detroit Free Press should certainly be investigated, since they see fit to print articles that obviously help only the Communists. I had a Latvian refugee tell me that the Detroit Free Press was Detroit's answer to Pravda and Tass. I am beginning to believe it now. What a bunch of lies.

Sincerely

J. Edgar Hoover  
Director of the Federal Bureau of Investigation  
Washington, D. C.

Dear Mr. Hoover,

*Lola Belle Holmes*

We are in a 9th grade Civics class studying the United States Government.

We heard a tape recording of one of Lolabell Holmes speeches. The organization that sponsors her is TACT, Truth About Civil Turmoil. She says that we are on the verge of a revolution by the Communists seeking to overthrow our government. Her accusations relating to this are:

- 1). That Martin L. King was associated with the Communists,
- 2). That gun control would be useless,
- 3). That Communists are infiltrating schools and churches,
- 4). That the United States will be taken over by the Communists,
- 5). That the Supreme Court was being paid off by the Communists,
- 6). That prayer should be put back in the schools,
- 7). That the Kernal Report was wrong in saying that riots are caused by poverty; she says they are caused by the Communists, and,
- 3). That the Johnson Administration was riddled with Communists.

She also stated that she had been a member of the Federal Bureau of Investigation for six years. We would like to know if this is true and also why she can say all these things about our federal government. If these things are true why is the Federal Bureau of Investigation doing something about them? We would also like to know your views on Lolabell's above accusations. Thank you very much. We would also like to inquire about the Office of Economic Opportunity. Miss Holmes stated that our tax dollars going into the O.E.O. are supporting Communist causes in the United States. We would like to know if this is true. Thank you again.

Sincerely yours,

Dear Senator Cooke,

*169* We are a ninth grade Civics class at Bryan Station Junior High in Lexington. We are studying the government of the United States. Our class has discovered that the organization T.A.C.T. (Truth About Civil Turmoil) had a guest speaker, Lolabell Holmes, who claimed she was working as an undercover agent of the F.B.I. A tape of her speech which our class listened to contained these accusations:

1. communists were buying seats in the Supreme Court
2. communists were in the process of taking over the United States through her poverty and church organizations
3. Martin L. King was associated with the communists' Party
4. communists were taking hold of the United States through the Johnson Administration by riots and carryings on within our college campuses, poverty organizations and various other riots in our country
5. The Kerner Report was wrong about the cause of riots. They were caused by communism instead of poverty and campus restlessness.
6. Gun control laws would be no good because criminals would just break the laws which meant nothing to them anyway.
7. Out tax dollars are going to the support of the communist Party in America through the Office of Economic Opportunity (OEO)
8. communists were infiltrating schools and churches
9. and further more prayer should be returned to the classroom and sex education banned

In your opinion are any of these accusations true? If so why do you think so? Why isn't anything being done to change them? If they are false, why is this woman being allowed to make these accusations against these people and organizations?

Please send our class your views and any information known concerning the organization T.A.C.T. and Lolabell Holmes. We would appreciate it very much.

Yours sincerely

# Negro Woman Says Communists Spark Civil Rights Movement

By DICK WRIGHT

Mrs. Lula Bell Holmes is a Negro woman from Louisiana who has been most of her life in the North and doesn't go for civil rights movements because she says they are planned and fostered by the Communist Party. And she said the "war on poverty" is financing a communist-inspired revolution in the United States today.

Mrs. Holmes also denounced Martin Luther King Jr. who said "the Communist Party is the only force that could make the Negroes free."

He declared that Communists inspired and wrote the 1965 voting rights bill.

## One More Knife

The coming Negro trouble, she said, "is but one more knife of the Communists in America."

Mrs. Holmes also predicted a recession "that could make the 1930s look like the good old days."

"I am a Christian and was reared a Christian. I believe in the American way of life," she said. She added that she believes in freedom and that "after analyzing communism, I came to the conclusion it was a threat to the Negro people."

Mrs. Holmes spoke at a meeting sponsored by the LSU Young Americans for Freedom. Mike Connelly, YAF president, introduced her as a woman who spent six and a half years as a Communist for the CP in Illinois.

Deploring Student Paucity Most of the crowd were what Connelly described as "townspeople" and deplored the fact that so few students were sent to hear Mrs. Holmes.

Every poster we put up for (spurs) gets torn down by somebody," Connelly said. But

During her speech, Mrs. Holmes denounced charges of police brutality as a Communist tactic. After her talk, a Negro student asked her what she thought of policemen who supposedly shot a Negro boy who rode his bicycle into the area where a Montgomery church was bombed.

"Did you see it?" said Mrs. Holmes.

"Maybe the police thought the boy bombed the church. I don't know the situation. How do I know that you are telling the truth?"

She suggested that maybe the boy refused to stop when ordered to do so.

Mrs. Holmes gave a major portion of her hour and a half speech to denouncing the Office of Economic Opportunity and how its money fosters allegedly communist front organizations. She also denounced rioting and burning in Negro ghettos, acts which she said were in some cases abetted by anti-poverty workers.

"When the smoke clears, the OEO boys emerge to declare that the riots are caused by poverty," she said.

"After each new riot, the public is treated to double talk."

She also scored the "riot commission" or "Kerner Report" and said it was a "big thick volume with lots of pictures and doubletalk."

She said that everything the report stated met agreement from Gus Hall (a leader in the American Communist Party.)

"I honestly believe Gus Hall cannot be duped," she said.

## Advocates Negroes Work Hard

Mrs. Holmes advocated that Negroes get jobs, work hard, and get an education and she said she believed in American citizenship.

However, that "they planned to blow up some government facilities."

She suggested to the audience they do all they could to keep an SDS chapter from forming at LSU. The SDS, she said, are getting worse than the W.E.B. DuBois Club, a Marxist-oriented group once popular on campuses.

Asked about her feelings on the Ku Klux Klan, Mrs. Holmes said, "I never heard them advocating the overthrow of the government." But she quickly added that she doesn't approve of violence.

Saying she knew little about the Klan, she added "I can't go under the sheets and find out."

At one point in her talk, when she had been heckled briefly by some students, Mrs. Holmes told the group:

"If you kill me for telling the truth, then I don't care because I'll go home to my God and be free."

Dear Mr. Hoover,

Enclosed is a copy of an editorial written in regards to a recent speech by Miss Lola Belle Holmes at Vienna (Mo.) High School.

The editor is scheduled to make a "rebuttal" speech at the school Feb. 23. Could you please provide me with some information so that I can possibly neutralize his certain-to-be attack on the U.S., F.B.I., and Miss Holmes?

I would appreciate it if you could answer the following specific questions:

- 1) Was Miss Holmes an undercover agent and what were her duties within the CPUSA and the F.B.I.?
- 2) Has the size, strength, and influence of the CPUSA declined in the last 10 years?
- 3) As part of her work in the CPUSA did she help plan any subversion?
- 4) Is there any connection between the communist conspiracy and the promotion of dope, immorality, and rock music?
- 5) Do you know approximately how many terrorists the communists can depend on?

Your help in providing me with the answers (by Feb. 23) to these questions will be most appreciated and will help to negate the anti-FBI efforts of this editor. Thank you very much.
